Poisoned Pen Press, United States, 2007. Paperback. Book Condition: New. US trade ed. 206 x 132 mm. Language: English . Brand New Book. Ansel Phoenix draws dinosaurs for magazines, books, and museum displays. But one morning, digging with students out in the field, she unearths the body of colleague and ex-lover Nick Capos. Shocked and grieved over the murder, and not trusting the Big Toe police who ve an axe to grind with her father, Ansel decides to investigate what Capos had been doing during the last few months of his life. She soon suspects he was working on a secret, possibly illegal project worth killing for. Her list of possible suspects grows by the hour as someone starts stalking her across the Montana landscape-a master predator who will stop at nothing. Why is Nick s fossil collection missing and why had he developed a recent interest in Baltic amber? Ansel must also deal with the challenges of her own half-Anglo, half-Blackfoot heritage; with her ranching family and the changes threatening their rural community; and with more than one Mesozoic mystery.Christine Gentry lives in North Carolina and has taught freelance writing courses and police report writing for law enforcement personnel. Mesozoic Murder is first in her Ansel Phoenix mystery series, followed by Carnosaur Crimes.
