How will things turn out What should I do to win Would the action Im considering be wise As it turns out, the future has the answers. Divination reveals these answers. The Bible supports, blesses, and encourages divination. But youve probably never heard that. When it comes to psychic phenomena, the Bible, and God, youve been intentionally misled. Divination is instituted by God, given to humanity through his great channel, Moses. Discover the Urim and the Thummim that Moses and the wizards of the Levitical line practice the art with, and exactly how it was use. Divination is the method God uses to communicate with us and tell us what he wants, as well as the method we use to discern Gods word and will. A human can shake and cast two bones marked with dots in their hands, or shuffle a deck of cards and select a number of them, but it is God that determines what side of the die falls face up, and God who selects the cards for the querent. The dots that land upright tell the diviner something. It is God who has instituted the structure for interpretations of these events, and God who gives the intuitions as to how these things should be interpreted in the case at hand. What makes divination stand identifiably apart from the other forms of ESP is that the Universe communicates with humanity through a physical instrument, item, or occurrence. This makes it distinctively different from the pure metaphysical constructions of visions and dreams, for instance. Its not always the future humans want to know about It could be the right now....
