*This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).*

## MY WAY II: GOD IS ALL THERE IS (PAPERBACK)

Blue Dolphin Publishing, United States, 2007. Paperback. Book Condition: New. 229 x 150 mm. Language: English . Brand New Book. My Way II (cf a first book: My Way I: A Layman s Guide to Atoms, Physics, and the Human Experience, isbn 1577330684)explains more dramatically how what we call God is the creating force of energy within all particles. My Way II literally shows how God functions -- that the whole universe, including our environment and ourselves -- are all particles in evolution which communicate through their electricity, as we do. This book is designed to help the reader understand that these physical facts reveal us to be none other than part of God. The author creates a unique blend of modern physics and spirituality that transcends all traditions and cultures. He believes this knowledge can lead people of all beliefs to reach the singular truth of our absolute interconnectedness with all elements in the universe, as well as each other. An easy and inspiring read!.
